TOKEN BOARD

5 spaces for butterfly tokens

I am working for: _____

ABA Butterfly | Personal, family and classroom use. Not for resale.

Using Your 5-Token Board

A small, shared goal and something your child enjoys

1. Choose together

Agree on an achievable goal and an enjoyable activity or item.

2. Personalise the board

Write the chosen activity on the line; place its picture in the blank box.

3. Make the plan clear

Explain what earns a token and what happens when all five are collected.

4. Notice the skill

Give a token promptly and describe what your child did.

5. Follow through and adapt

Keep earned tokens. Honour help, breaks, discomfort and requests to stop.

Keep food, drink, comfort and other basic needs available without earning tokens.

Optional butterfly tokens - cut out and use with adult supervision

Adult preparation: cut along the dashed outlines. Avoid small pieces for children who mouth items.
